**Sponsorship and advertising opportunities 2004/5**

**Southeast United Football Club**

The atmosphere of optimism at Poots Hall is currently at its highest point for many years and we eagerly anticipate the 2004/05 season. This optimism has been centred down to the local business network as we have seen a large increase in the numbers of local companies who have joined the Blues sponsorship family.

Southeast United provides fantastic match day entertainment and it can also provide business solutions. Our sponsorship, advertising and hospitality packages can all be shaped to help you fulfil your business needs.
